  - Python – Average.
  - R – Average.
  - C – Basic.
  - C++ – Basic.
  - HTML – Basic.
  - JavaScript – Basic.
  - Matlab – Basic.
  - PHP – Basic.
  - Scala – Basic.
  - Simulink – Basic.

- IDE
  - Netbeans – High.
  - RStudio – High.
  - Eclipse – Average.
  - Visual Studio – Average.
  - Jupyter – Basic.
  - PyCharm – Basic.

- OS and other tools.
  - Word – High.
  - Excel – Average.
  - LaTeX – Average.
  - Windows – High.
  - Linux – Average.
  - Git – Average.
  - Scrum – Basic.

Personal Information and Qualities

- Computer Engineering student in the las year of the degree doing Thesis on Clustering in R scheduled for December.
- Proficient at Software Development and Data Science.
- Basic knowledge in Security, Artificial Intelligence, IoT and Data Base.
- Competent at learning new programming languages, IDEs and tasks, as well as to expand my knowledge.
- Hard-working, cordial, dedicated, high public speaking skills, easy teamwork and personal attention.
- Motivated to participate in any type of project or job.
- Availability of own vehicle for travel.

Studies and Work Experience

- **Graduated in Computer Engineering with a Mention in Computer Science.**
  - University of Alcalá de Henares, Madrid.
  - Year 2014/15 – current.

- Internship of three months in Office Depot as Business Analyst and working with BPR designing semantic rules in Natural Language to automatically process documents.

Languages

- **Spanish**
  - Native.
- **English**
  - B2.
